

ACADEMIC PERFORMANCE INDEX REPORT

Ttl: Total # of students included in API testing administered in spring 2009. **'09:** The 2009 Growth API summarizes a school's performance on the 2009 STAR and CAHSEE tests. The API is on a scale of 200 to 1,000. **'08:** The 2008 Base API summarizes a school's performance on the 2008 STAR and CAHSEE tests. **Chg:** Calculated by subtracting the 2008 Base API from the 2009 Growth API. **Met:** Shows whether a school met its schoolwide growth target if its 2008-09 Growth is at or above its 08/09 Growth Target. LEAs and ASAM schools do not have growth targets.

The API is asterisked if the school or LEA (local educational agency) was small in either 2008 or 2009. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
